Subject: Landfill Follow-Up - Update including petition and owner results

Subject: Landfill Follow-up **Action requested by April 21st.**

In response to last week's update, we have received over 150 emails supporting a public hearing. See details below. This represents 15% of current homeowners.

Thank you to those who have responded, but we doubt any resident wants an operational landfill, basically in our backyard. So don't delay. **Support this petition and send us an email at tworiversloc@gmail.com with your name and street address.**

You are not signing up to speak; you are merely indicating your support of our request for a public input meeting. The petition is not requesting public input on June 23rd, rather a request that a follow-on public hearing be scheduled to deliver more evidence, including input from residents.

The Petition for a Public Hearing

Subject: Chesapeake Terrace Rubble Landfill (CTRL) Appeal Hearing

To: Anne Arundel County Board Of Appeals:

The residents of Two Rivers Community are in receipt of the hearing notice for the CTRL Zoom hearing on Wednesday, June 23rd at 3:00 pm for legal argument only. While the public may witness the hearing, no testimony will be taken, no evidence submitted and no audience participation.

As Two Rivers represents the single largest change to the community affected by CTRL, we expect the outcome of the appeal hearing to include a public hearing where residents can present their concerns. We also request as the County is opening up, to include a physical presence for some residents to attend and speak at this public hearing.

We have collected approval of over 155 residents requesting the opportunity to be heard. Respectively, Residents of Two Rivers Community

To date, responses reflect about 15% of Two Rivers residents.

Community	Responses	
Bluffs	19	17%
Highlands	19	13%
Regency	37	23%
Watershed	46	16%
Riverview	1	20%
Cascades	13	11%
Heritage	10	8%
Woodlands	10	10%
	155	15%
